

I-GAMING LICENSING & REGULATION GROUP
Electronic Gaming Licensing Department

MEMORANDUM

02 June 2025

TO : **ALL GAMING SYSTEM ADMINISTRATORS
ALL GAME CONTENT PROVIDERS**

FROM : **THE ASSISTANT VICE PRESIDENT II**

SUBJECT : **APPROVAL OF CURRENTLY IMPLEMENTED GAMES**

In consideration of numerous requests for approval of electronic / virtual games which were previously approved, please be informed that the said EGLD-approved games and currently allowed to be implemented, are no longer required to be re-evaluated and be issued another approval.

Correspondingly, attached herewith are the initial batch of the approved games that may be implemented in the Electronic Gaming System (EGS) / Online Gaming Platform (OGP) by Gaming System Administrators (GSA). Provided that, an agreement / contract has been entered into by the GSA with the concerned Gaming Content Provider (GCP), allowing the former to offer and implement such games.

Accordingly, the GSA intending to launch a game or suite of games in its EGS/OGP, has to notify the EGLD of the implementation of the said games in the list and submit to the EGLD the corresponding proposed Game List and Parameters Settings Checklist. Moreover, for proposed games that have progressive jackpot feature, the GSA still has to request for approval and submit a corresponding EG Form No. 9 along with the attachment for the EGLD's evaluation.

May we note that non-compliance with the prescribed **Minimum Bet and Return-to-Player (RTP) percentage** (per game offering) in the implementation of the above previously approved games shall be imposed a penalty in accordance with the provisions of the *Regulatory Framework for Offenses and Penalties (Remote Gaming Operations) Rev. No. 2*.

Additionally, please be informed that the existing GSA (with a contracted GCP) still has to submit to the EGLD and use the EG Form No. 9 for the request for approval of each new game or suite of games in accordance with the provisions of the *Regulatory Framework for the Accreditation of Gaming Affiliates and Support Service Providers*

PGOES25- 0821

Rev. No. 0 and Regulatory Framework for the Accreditation of Service Providers and Processing of System-Related Requests Rev. No. 3.

Similarly, a newly accredited GCP may submit to the EGLD and use the EG Form No. 9 for the request for approval of each new game or suite of games, in which its contracted GSA may notify the EGLD for the implementation of the newly approved games and submit to the EGLD the corresponding proposed Game List and Parameters Settings Checklist.

Additionally, we strongly encourage the GCPs in the list to apply for accreditation as stipulated on the provisions of the *Regulatory Framework for the Accreditation of Gaming Affiliates and Support Service Providers Rev. No. 0.*

Implementation of the above shall be strictly monitored by the Compliance Monitoring and Enforcement Department – Electronic Games (CMED-EG).

For your guidance and strict compliance.

Thank you.

Sincerely,

JEREMY B. LUGLUG
